THE SWIM SPA RANGE

FROM 4 TO 9 PEOPLE - 6 TYPES OF SWIM SPA

Designed for demanding athletes, our range of swim spas combines raw power and active recovery. Thanks to a high-performance counter-current system, dominate every stroke and intensify your aquatic training like never before. Once the effort is over, your muscles relax in ergonomic hydrotherapy seats, optimizing your regeneration.

This swim spa is the essential partner for athletes, dynamic families, and all those who make performance their priority.

OUR WELLNESS OPTIONS

Our solutions complement our bioclimatic pergolas, such as swim spas, cold baths, and saunas, transforming your outdoor space into a true sanctuary of well-being dedicated to the balance of body and mind.

COOL POOL PRO

Our Cool Pool baths, made from high-quality acrylic, are designed to offer the ultimate sensation of freshness and regeneration, promoting the recovery of the body and mind after a hot sauna ritual.

LA GAMME SWIM SPA

A genuine physical training tool designed for intensive use all year round, this swim spa is the essential partner for athletes, active families, and all those who make performance their priority.

SWIM SPA AND POOL

Do not pay unnecessarily anymore for site preparation, the construction of a pool, and the purchase of a separate spa. Thanks to its powerful counter-current system, the Swim Spa HC EASY POOL embodies the ideal combination of these two worlds in a single versatile product.

SPA - OKANDINAVIA DIAMOND

He represents the ultimate solution for a demanding clientele that accepts no compromises. He offers a level of luxury and design surpassing even the most prestigious spa brands, establishing himself as the true "Rolls-Royce" of hot tubs.

Outdoor Sauna Cabins

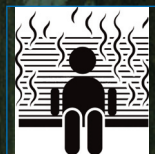

Made from natural materials, they blend harmoniously into any outdoor space, enriching its atmosphere. Designed to comfortably accommodate 4 to 6 people.

SAUNA

SAUNA CABINS OUTDOOR

Outdoor Finnish sauna cabins combine the tradition of the sauna with modern design and high-quality craftsmanship. Made from natural materials, they blend harmoniously into any outdoor space, enriching its atmosphere.

Spacious and designed to comfortably accommodate 4 to 6 people, their careful construction ensures an even distribution of heat for maximum comfort.

Let yourself be enveloped by the scent of wood, a refined aesthetic, and a unique sauna experience that elevates your daily relaxation.

DIMENSIONS:

SAUNA VISION QUADRA
2-4 persons - 220 × 211,5 × 188 cm

SAUNA VISION QUADRA XL
4-6 persons - 220 × 211,5 × 188 cm

SAUNA VISION BARREL 225
2 persons - 238 x 229 x 223 cm

SAUNA VISION BARREL 260
4 persons - 238 x 229 x 260 cm

SAUNA VISION BARREL 300
6 persons - 238 x 229 x 300 cm

SPAS ET PISCINES

Pay usefully for the site preparation, the construction of a swimming pool, and the purchase of a spa combined. Thanks to its powerful counter-current system, the Swim Spa HC EASY POOL embodies the ideal fusion of these two worlds in a single versatile product.

All Swim Spa models come standard with an integrated bypass system. This feature allows for easy connection of an external filtration unit or a heat pump, without requiring complex technical modifications or additional work.

This spacious model combines the capacity of a large family spa with the performance of a swimming pool, all within a controlled footprint.

DIMENSIONS:

Here are the technical specifications included in the presentation:

Capacity: 9 people

Dimensions: 390 x 228 x 115 cm

Water volume: 7,000 liters

Configuration: 8 seats including 1 lounge seat

Massage: 49 massage jets

COOL POOL PRO

by PERGOLA SWISS CONCEPT
Download the brochure on our website ([click here](#))

COOL POOL PRO

THE HIGH-RESISTANCE ACRYLIC COLD BATH
ONE PERSON - 178X84X95 CM

Cold also stimulates the release of endorphins, thereby boosting your mood and mental resilience thanks to these precious "happiness hormones."

Your metabolism activates: brown fat is stimulated, increasing energy expenditure and calorie burning.

This regular practice increases your resistance to stress, better equipping you to face daily challenges, and significantly accelerates muscle recovery after each physical effort. It improves the quality of your sleep for deeper and truly restorative nights.

SPA - THE RANGE OKANDINAVIA DIAMOND

5 PERSONS - 390 X 228 X 115 CM

Drawing its roots from the timeless design of Scandinavian Bauhaus and inspired by Finnish masters such as Alvar Aalto, Tapio Wirkkala, and Timo Sarpaneva, the OKAndinavia Diamond is a true work of art designed by the renowned designer Ing. Arch. MgA. Ondřej Kamenický.

With its spacious interior, exceptionally comfortable seating (without exaggeration), and its powerful jet system.

PERGOLA SWISS CONCEPT

Products exclusively for Dubai

About us ?

PERGOLA SWISS CONCEPT was born from a simple conviction: excellence allows no compromise.

After having developed and managed Vision d'Extérieurs in Switzerland since 2010, Eric Ménager wanted to extend this expertise to a destination where architecture, design, and the art of living reach exceptional standards: Dubai.

Each completed project reflects the values that have built this reputation: precision, reliability, elegance, and durability. Our pergolas and carports are not mere structures, but architectural creations designed to enhance the most prestigious places.

Pergola Swiss Concept addresses those who seek Swiss excellence, without compromise, in every detail.

1000 Pergolas installed
6 showrooms
6 Possible options

We collaborate with the best in the profession.

OUR UNIQUE MANUFACTURING FACTORY

Within the 30,000 m² of workshops, eco-design guides every step of production. We ensure responsible environmental management: all our industrial waste (aluminum, steel, technical fabrics) and non-hazardous industrial waste are systematically collected and directed to approved recycling channels, thus guaranteeing the full recovery of materials.
